

Integration of materials within existing Leicester programmes

- Existing methods of teaching delivery
- Difficulties of administrative approval
- Module contents

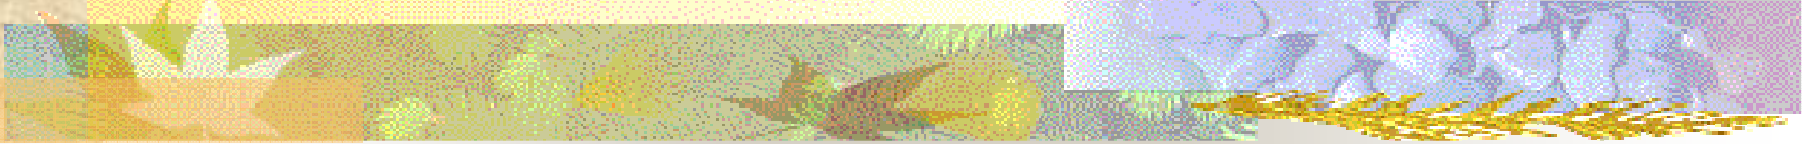

1 Existing methods of teaching delivery

- Face to face lectures/seminars daytime
- Face to face lectures/seminars evening and residential (adults)
- Distance Learning
- Problem-based learning (currently at undergraduate B.Sc.)
- Fieldcourses

2. Difficulties of administrative approval

- Submission last year of PG Certificate (one-third)
- Workload for new course approval
- Integrate modules into existing patterns

Integrate modules into existing patterns

- Integrating a D-L module, e.g. Biodiversity, into the face-to-face M.Sc. with guidance seminars
- Develop one or more unit as a problem-based learning unit
- Develop our ecology courses as add-ons to existing D-L courses (Simon Bennett)

3 Managing Environmental Risk & Change

- Introduction to risk and uncertainty
- Principles for managing risks and disasters
- Scales
- Case studies
